

Hello 24/7 Prayer Coordinators,

It is Back to School month!

Our team is taking a break on sending a monthly video. Keep praying for us as we meet with some wonderful pastors and leaders to dream about growing Fresno Prays. We have been meeting during the summer and praying together.

This month we are inviting you to pray for your local school. It may be near your church or near your home.

Does your church do Back to School prayer? If so, please share with us. We want to see every school covered in Fresno and Clovis.

I have led many prayer walks and prayer drives around our local schools.

Here is a prayer template that I use for a school campus:

#### A PRAYER OF DEDICATION OF THIS SCHOOL TO GOD

I dedicate this school, its campus, the buildings, the students, and the faculty to Your purposes, God. I firmly declare that Jesus Christ is Lord over \_\_\_\_\_ and there is no other God over this school but You.

I invite Your Holy Spirit to rule and reign over this campus now and for the entire school year. I declare that the peace and presence of God will permeate the halls, classrooms, library, sports fields, gymnasium, offices, and every building on my campus.

May the atmosphere of the school be permeated with Your Spirit. We call out salvation, repentance, revival, and renewal for every student, teacher, principal, parent, and worker in this school now and every day throughout the school year.

I dedicate this school as a place of safety with an environment conducive to learning and growing in godly character. From this place may leaders, like Moses, Joshua, Joseph, Daniel, Ruth and Esther arise going into all sectors of society to contend for truth and justice.

# Drive-By Prayers

**Drive by the homes of your family members and pray for salvation, protection and divine purpose to be released upon them.**

Drive by the nearest school to your home and pray for its students, teachers, principal, and staff. Ask God to protect our children from violence and abuse. Intercede for Christians working there to seize opportunities to be light and salt to students and staff alike.
